PERSONAL STATEMENT

As a motivated, adaptable and hardworking person I've always strived to succeed in everything I do. I enjoy working in a team environment as well as personally with minimal direction. Having enrolled on a Code Institute learning course I've discovered a passion for technology and the broad range of skills that are required alongside it. I am looking for the opportunity to prove myself whilst continuing to hone my skills and personal growth.

Skills

I am currently enrolled on code institute's full stack software developer course and have made a range of projects from console to full stack applications.

- HTML / CSS
 - Bootstrap
- Javascript
 - jQuery
- Python
 - Flask
 - Django
- Databases
 - PostgreSql
- Agile Methodologies

EMPLOYMENT AND WORK EXPERIENCE

Amazon Flex Delivery Driver – June 2021 to date

I've been delivering parcels for Amazon on a self-employed basis using my own vehicle. I generally work 7 days a week adhering to strict timing schedules.

Hippodrome Casino - 2022

I attended an intense Croupier training course over several weeks and learned the skills to be able to deal with multiple games. I enjoyed the environment and dealing with the customers but sadly, the location of the casino and my home address along with the unsociable hours made it impossible for me to continue.

Rindt Vehicle Design - 2021

Dealing with high net worth clients within a Porsche restoration garage. Duties included personal interaction with customers and delivering professional customer service and collection and delivery of delicate motor parts.

Barton Electrical – 2019 to 2020

Apprentice electrician working on domestic and commercial sites. Sadly, I was furloughed during Covid did not return to this role.

Compass Group – October 2017 to 2018 (part-time)

Hospitality at race courses and sports venues in the Surrey area. Duties included waiting & clearing tables, customer service, operating tills, restocking goods and corporate hospitality service particularly within the owners & trainers lounge.

INTERESTS

I have participated in many different sports but for over 10 years I played cricket for Surrey County cricket club (from age 9 until 18) and represented them up to the second XI team which allowed me to travel to Sri Lanka, India & spend 6 months playing in Australia.

I have competed as an amateur boxer with Guildford City Boxing club. I also enjoy keeping myself in shape and am currently training in Brazilian Jiu Jitsu 4 to 5 times a Week.

Outside of these I like to spend my time researching new technologies and broadening my skills. I do all my learning on my own time and enjoy the time I spend working on my course/projects.
